**GRASS IT UP—BORROWED TIME**—Purple House Records, No Number. Recorded live at the Western Jubilee Recording Company in Colorado Springs, Co., the band offers a nice selection of mostly original tunes primarily from David Jeffrey (mandolin) and Jim Marsh (banjo). Other members are Shannon Carr (guitar), Jon Bross (bass), and David Siegel (fiddle). The original songs include "Crazy Town," "Spaghetti Western," "Manitou Breakdown," "Save One Soul," "Over The Hill," and "Keep Up With You." There's also the title-cut "Borrowed Time" and an interesting "Striper's Nightmare." More familiar selections include "Cluck Old Hen" and the medley "Reuben's' Train"/"Ain't Nobody Gonna Miss Me When I'm Gone." This is a good group both instrumentally and vocally and it shows through their song arrangements and presentation. ([www.grassitupbluegrass.com](http://www.grassitupbluegrass.com))
